Features & Benefits Of InstaTurf

- Reinforced turf performance from day one, no waiting on vegetation for effective erosion protection
- Immediate to permanent erosion control equivalent to large rock riprap and other hard armor, at less than ½ the cost
- Simple installation, just lay it and anchor it over seeded area, no heavy equipment required
- Aesthetically pleasing, green grassed-in finished look
- Environmentally friendly, facilitates water filtration and infiltration
- Highly UV stable and weather resistant, for permanent strength and durability
- Easy, low-cost maintenance with standard mowing equipment
